Continuation of Substance of Interview including description of the general nature of what was discussed:

The examiner's amendment was agreed to and authorized by Ms. Woodside.

The amendment to each of claims 1, 3-5, and 7-9 to change "hydrolyzing vinyl ether with ester side chains" to "hydrolyzing vinyl ether having ester side chains" was made not to change the scope of the claims but to clarify that what is being hydrolyzed is a vinyl ether having ester side chains.

Further, the amendment to each of claims 5 and 7-8 was made to ensure that proper antecedent basis is recited with respect to the ink.
